

Brian Burns

Senior Vice President

brian.burns@maples.com

Fund Services

+1 514 228 2243

Brian leads the data management function for the Maples Group's fund services business. Brian provides global operational and technical oversight for data capture and reconciliation workflows as well as support to our regional fund services teams through workflow automation, systems enhancement projects and systems support. Brian also provides external clients with regulatory reporting solutions including AIFMD Annex IV, FormPF and EMIR reporting. Brian has extensive experience in providing fund administration and data management services to a wide variety of fund structures across both middle- and back-office operations.

Background

Brian previously worked for HSBC Securities Services and before that PFPC (now part of BNY Mellon).
