Projects & Construction

# Projects & Construction

Our Projects & Construction team concentrates on providing pragmatic and financially focused advice, with the goal of securing the outcome you require.

The Projects & Construction team provides advice on all legal aspects of infrastructure and developments, including tendering, finance and refinance, projects and construction contracts and regulation and disputes.

We advise both the public and private sector, including central and local government, funders, developers, contractors and design consultants.

We have particular expertise in public private partnerships both in Ireland and internationally across many sectors including health, education, roads, rail, energy, water, waste, social housing and nursing homes.

Our services include:

## **Infrastructure Projects**

- Project finance
- PPP
- Regulation
- Operation contracts
- Disputes

## **Construction**

- Bespoke and standard Irish and international contracts
- Regulation
- Disputes

## **Public Procurement (EU and Irish law)**

- Procurement strategy
- Tender documents
- Procurement disputes
