+353 1 619 2071

Victor works in the Maples Group's Intellectual Property, Technology and Telecoms team and has over 30 years' experience in the technology industry. His practice includes the procurement of systems and software, outsourcing and managed services, e-commerce and online trading, cloud computing, data protection and privacy. Victor also has experience drafting, reviewing and negotiating general commercial contracts, including those for agency and distribution, procurement, BPO outsourcing, logistics and warehousing, franchising, standard terms of sale, advertising, branding and sponsorship.

Background

Victor joined the Maples Group in 2013. He previously worked both as in-house counsel in the technology industry and as a partner in major law firms in the UK and Ireland.
