GROUP

eServices

## eServices

View and manage entity information and corporate records securely online, with consolidated data across multiple entities and 'on-demand' access to all key documents and billing information.

Developed in-house and tailored to client needs, eServices is the Maples Group's secure, web based portal from which clients can view and manage their entity information and corporate records. This centralised platform allows for the consolidation of data across multiple entities, granting clients on-demand access to core entity information including:

- Core entity information including the capital structure;
- Registers of directors, officers, managers;
- Constitutional documents including bylaws, operating agreements, memorandum and articles of association and partnership agreements;
- Minute book documents including certificates, resolutions and board and shareholder minutes; and
- The Maples Group billing information either on a "per entity" or consolidated basis.

eServices offers industry leading features and functionality and is backed by the expertise of our experienced legal and corporate services professionals who are committed to delivering the highest levels of service and support.
