PUTTING OUR EXPERIENCE TO WORK

Our international, multi-jurisdictional presence, approach to client service and our experience dealing with the complexities of private asset vehicles makes us a compelling choice for supporting the requirements of both general partners (“GPs”) and limited partners (“LPs”). This knowledge and insight, backed by our extensive technological infrastructure and global footprint, allows us to provide customised solutions that create value, enhance effective management and absorb as many operational challenges as possible.

Our experienced teams are led by qualified accountants with expertise in accounting for private assets, complex allocations and fee calculations, safekeeping of assets, oversight and monitoring the events that trigger waterfalls throughout the life cycle of each fund.

The Maples Group offers a single point of contact for each client who will manage the relationship from the onboarding process through to the ongoing daily operational interactions with the LP and GP.

Through continuous innovation, we have developed an optimal balance of best-of-breed core systems and bespoke proprietary systems that allow us to be dynamic in responding to our clients’ needs as they evolve in response to regulatory and investor demands.

With more than 270 conversions over the past 10 years, the Maples Group has established the processes, policies and procedures to ensure a seamless migration that retains critical records necessary to generate inception to date internal rate of return, carried interest and waterfall modeling.

Our services include:

Fund Launch / Establishment

- Reviewing all legal documentation, including limited partnership agreements, private placement memoranda and other supporting documentation, from an operational perspective;
- Ensuring all agreements are in place and regulatory filings completed;
- Managing compliance and due diligence requirements, including Know Your Client (“KYC”) and anti-money laundering (“AML”) LP verification for applicable jurisdictions;
- Ongoing coordination with intermediaries, including legal advisors, auditors, regulators and custodians;
- Establishing the general ledger and creating a chart of accounts for the fund; and
- Establishing an online reporting portal tailored to GP and LP specifications.

Partnership Accounting

- Accounting for private assets, including direct and co-investment opportunities and special purpose vehicle investments across various jurisdictions;
- Processing expense payments and ensuring they are in accordance with fund policies;
- Reconciling cash and positions to third party statements or relevant transaction documents verifying that the fund holds title interest in those assets;
- Ensuring the value of the investment interests of the private fund are calculated in accordance with the offering memorandum or other governing documents;
- Verifying that transactions involving the private fund's assets, any consideration is remitted to / paid from an account in the name of the private fund and is not used to finance operations of the GP, including review of reimbursements to the GP to ensure compliance with the policies in this regard disclosed in the governing documents;
- Ensuring proper execution of capital calls and distributions in regards to investment interests of the private fund and implementing procedures to identify significant cash flows that may be inconsistent with the fund's operation;
- Monitoring that the allocation of profit and loss on portfolio assets and other income and expenses of the private fund as calculated by the GP is in accordance with the governing documents;
- Holding any non-custodial assets which belong to the private fund which are not held in custody by an independent custodian;

- Performing waterfall calculations and determining carried interest in accordance with fund documents; and
- Preparing financial statements for the fund, including relevant note disclosures under IFRS or GAAP accounting standards and assisting in the audit process by providing relevant accounting records and supporting schedules.

Investor Relations

- Performing investor due diligence, including KYC and AML services in accordance with applicable jurisdictional AML legislation;
- Processing capital calls, distributions and expense payments on behalf of the fund, ensuring that the capital calls and distributions are executed through an account in the name of the private fund;
- Maintaining the investor register of the fund;
- FATCA and CRS filings for applicable jurisdictions;
- Operating, monitoring and reconciling bank accounts in required currencies on behalf of the fund;
- Providing secure, online access to investor reporting, including contract notes, statements, notices and other ancillary documents and correspondence; and
- Providing timely responses to ad hoc enquiries from investors and their authorised representatives.

TRANSPARENT INVESTOR-LEVEL ALLOCATIONS

From Agreements to Waterfalls

Built around FIS Investran's industry leading fund accounting platform, the Maples Group's technology provides a fully integrated intuitive workflow that captures the specific terms of each fund's allocations, fee calculations and waterfalls through a robust platform that allows for:

- Integrated fund accounting and investor services software that removes data entry and spreadsheet risk; and
- A flexible framework approach to optimise data and improve control.

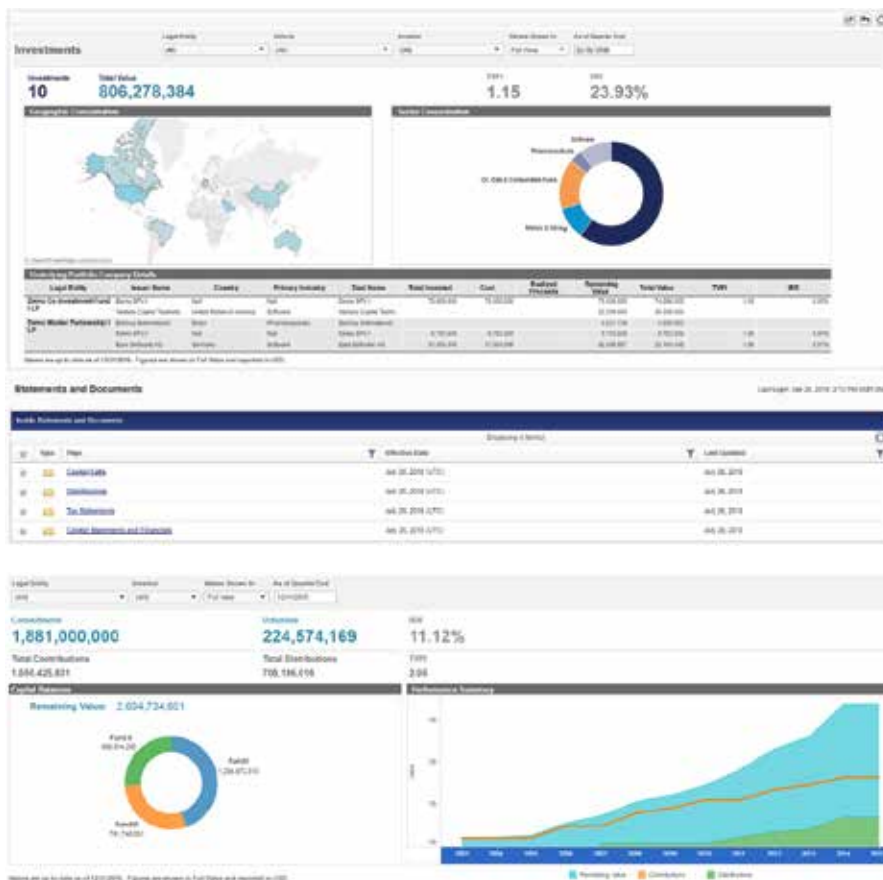

- Bespoke translation of fund limited partnership agreements into unique structured profit and loss allocations, carried interest and European and US waterfall calculations;
